## What to bring to your initial design consultation:

- Photo examples of kitchens & features that interest you from sites like Houzz or Pinterest.
- Notes on amenities that would add extra convenience, like roll out trays, spice racks, waste & recycling containers, etc.
- A list of the appliances that will be installed so we can ensure we allot the specific space needed in your design.
- Photos of your existing kitchen to share with your designer.

DESIGN SOLUTIONS BY 

Elevations is comprised of talented, experienced professionals. Our designers have an unwavering commitment to understanding your needs, exhibit remarkable attention to detail and provide exceptional customer service. We focus on ensuring your kitchen is functional, beautiful and on budget.

Our process:

- In-home measure if necessary
- Initial needs assessment & design consultation
- Kitchen design review appointment
- Follow up to review any design modifications if necessary
- Final design approval & sign off appointment

Please allot 1-2 hours for each appointment. The above process typically takes 4-6 weeks but varies based on your availability, your designer's schedule and the complexity of your design.
