

# TimberTech®

EVERYTHING WOOD SHOULD BE™

---

OUTDOOR LIVING INSPIRATION

---

**At TimberTech, our goal is to help you live your best life outdoors.** To do this, we deliver high-quality products you can trust that embody an unrivaled combination of Timber + Tech. Our name says it all. “Timber” captures the beauty, textures, and colors of real wood. “Tech” defines how our decking is engineered to perform far better than wood (or any other composite product), to be low maintenance and high performance —and give you a lifetime of enjoyment.

Weathered Teak, Wide Width—Vintage Collection

## TIMBER

### Realistic Wood Looks

Designed to resemble your favorite wood species and types, TimberTech delivers premium aesthetics and natural-looking composite decking — and the largest selection of colors and textures so you can find your perfect match.

## TECH

### Engineered for Performance

With innovative materials technology, our decking resists fading and staining — and won't splinter, peel, crack, or rot. So your deck will look and perform beautifully for decades with little to no maintenance required. That means you can spend more time with the ones you love — and less time (and money) working on your deck.

## PLANET

### Made Sustainably in the USA

Made from up to 85% recycled content — utilizing landfill-bound waste such as milk jugs, plastic bags, and even post-industrial scrap like vinyl siding — TimberTech decking is an environmentally friendly choice.

# THE BEAUTY OF WOOD, WORRY-FREE

Enjoy your favorite wood looks without the worry of splinters, fading, or rotting. TimberTech decking is made sustainably in the USA and features unbeatable performance — backed by industry-leading warranties — for peace of mind and a worry-free deck.

“ We love our TimberTech deck. It has made our outdoor space so beautiful and enjoyable and is so easy to maintain! ”  
Ashley S. | Glencoe, IL  
Happy TimberTech® Homeowner

# ACHIEVING A REAL WOOD LOOK

## Natural Color Blending

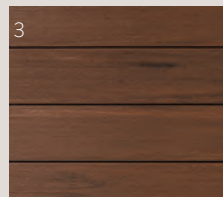

TimberTech decking features a range of natural coloring options from solid colors that look like stained wood to cascading, multi-tonal color blending that resembles character-rich reclaimed wood.

**SOLID**  
Monochromatic color for a stained or painted wood look.

**BLENDED**  
Subtle color variation for a traditional wood look.

**HIGHLY BLENDED**  
Varied coloring with highlights and lowlights for a premium hardwood look.

**UNIQUE BLENDING**  
Cascading, multi-tonal color blending for a highly varied, reclaimed wood look.

- 1. Brownstone—Harvest Collection® 2. Brown Oak—Terrain Collection® 3. Mahogany—Vintage Collection® 4. Tigerwood—Legacy Collection 5. Coconut Husk™—Prime+ Collection® 6. Tigerwood—Legacy Collection 7. American Walnut™—Landmark Collection™ 8. Weathered Teak™—Vintage Collection® 9. Slate Gray—Harvest Collection®

## Real Wood Grains & Textured Finishes

**STRAIGHT GRAIN**  
A linear grain without knots, for a simple, traditional wood look.

**HAND-SCRAPED FINISH**  
A highly textured finish, ideal for unique, artisan-inspired wood looks.

**CROSSCUT GRAIN**  
Resembles wood that has been cut perpendicular to the grain.

**WIRE-BRUSHED FINISH**  
A subtle, textured finish often used for premium hardwoods.

**CATHEDRAL GRAIN**  
Varying peaks and swirls across the board surface.

## TWO PERFORMANCE MATERIALS,

### Proprietary Polymer (PVC) Material for Best Aesthetics & Performance

TimberTech Advanced PVC Decking delivers our most realistic wood looks with the highest performance to anything else on the market. Plus, you'll enjoy design versatility with Multi-Width Decking available for certain collections.

#### SUPER DURABLE

Highly resistant to moisture & won't splinter, crack, peel, or rot

#### LOW MAINTENANCE

No sanding, staining, or sealing—ever

#### FADE & STAIN-RESISTANT

Maintains its rich color & resists staining for decades

#### BAREFOOT-FRIENDLY

Up to 30° cooler\* & 40% better traction than the competition

#### BETTER FOR FIRE ZONES

Collections feature Class A Flame Spread Rating, WUI-Compliance, or both

#### INDUSTRY-LEADING WARRANTY:

Covered by a Lifetime Limited Product Warranty and 50-Year Fade & Stain Limited Warranty

#### SUSTAINABLE

Made in the USA from approximately 60% recycled material

\*Although TimberTech Advanced PVC decking is cooler to the touch than many other composite deck boards, all decking products will get hot in the sun. Additionally, the darker the decking color, the hotter it will feel. For hotter climates, consider choosing a lighter color.

## MULTIPLE REAL WOOD LOOKS

### Premium Composite Material Protected With a Polymer Cap for Superior Performance

TimberTech Composite Decking innovates beyond traditional composite decking with realistic wood looks and a proprietary, protective polymer cap that locks out moisture and locks in rich color, so you'll enjoy a worry-free deck for decades to come.

#### DURABLE

Won't splinter, crack, or peel

#### LOW MAINTENANCE

No sanding, staining, or sealing—ever

#### FADE & STAIN-RESISTANT

Maintains its rich color & resists staining for decades

#### MOISTURE-RESISTANT

Protected from mold, mildew, and rot

#### PROTECTIVE WARRANTIES

Covered by limited product and fade & stain warranties up to 30 years (see collection for details)

#### SUSTAINABLE

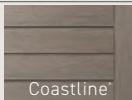

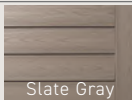

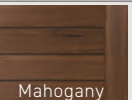

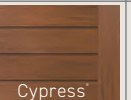

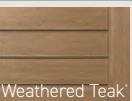

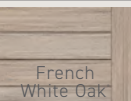

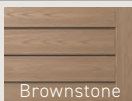

Made in the USA from approximately 85% recycled material

\*TimberTech Prime+, Prime, and Premier Collections are covered by a 25-Year Limited Product Warranty and a 25-Year Fade & Stain Limited Warranty. \*\*The proprietary capping on the Prime+, Prime, and Premier Collections does not feature Mold Guard Technology

# Decking & Railing Anatomy

Discover all the elements you need to design your ideal outdoor living space

Coastline™—Vintage Collection™, Deck & Dock  
+ Classic Composite Series with Drink Rail

## PROTECTIVE CAPPING

Surface layer on boards that protects against fading, stains, and mold.

## LIGHTS

Ensure safety while creating ambiance along your deck and rail.

## FASCIA

Boards that run around the perimeter of the deck.

## BOTTOM RAIL

Piece that spans the bottom length of railing and supports the infill.

## INFILL

Material in between the top and bottom rail.

## TOP RAIL

Top horizontal piece in between posts that connects to the infill.

## RISER

Boards applied behind each step.

## COLOR BLENDING

Highlights and lowlights in boards that mimic real wood.

Learn more about railing

Premier Top Rail, Classic Composite Series

## MORE THAN A FINISHING TOUCH

Your railing is the most visible part of your outdoor living space and should be an integral part of your planning from the get-go. TimberTech offers low-maintenance, fully customizable railing options — so you can get the look you want, with the performance you need.

We at TimberTech, along with our parent company, The AZEK Company, are on a mission to revolutionize outdoor living to create a more sustainable future. With our PVC and plastic film recycling capabilities and use of 100% recycled wood fibers, we are helping to keep hundreds of millions of pounds of plastic, waste, and scrap out of landfills and the ocean each year.

TIMBERTECH.COM/ABOUT/SUSTAINABILITY

## Sustainability is at our core. Literally.

OUR GOAL IS TO USE 1 BILLION POUNDS OF RECYCLED MATERIAL ANNUALLY BY THE END OF 2026.

Since 2021, over three million trees have been saved because customers chose TimberTech decking over wood.

Products across our portfolio are made with up to 90% recycled material

99% of scrap generated at our manufacturing facilities is reused

## EXPERT CUSTOMER CARE TEAM
